

1. THE TROPHY OF TRIUMPH

Apparatus:

Scissors/scalpel*, sticky tape/glue, card(board), elastic band & a steady hand.

*Ask a grown-up to help you if you are a child or stupid, and especially if you're a stupid child.

Aim:

The William Webb Ellis cup. That stupid giant plate the ladies get at Wimbledon.

All magnificent trophies which any sporting champion would be proud to hold. But all are nothing more than fancy ashtrays compared to the much coveted and highly exclusive Trophy Of Triumph. Let's make one.

Method:

- 1. Cut round the dotted lines.***
- 2. Stick the outline shape onto some card(board).**
- 2. Fold as shown and secure with tape/staples, / old chewing gum etc.**
- 3. Parade your Trophy Of Triumph around with pride, laughing in the face of your loser opponents**

**You've made the Trophy,
now make the rest!**

It should really look like this...
